Greetings!

The MSBH team wishes you and yours a happy holiday season.

2020 has proved to be a year of unprecedented challenges requiring us to adapt, pivot, and respond so as to ensure the continuity and even expansion of behavioral health services. Thank you all for your partnership and your dedication in helping to provide hope, as well as behavioral health services, for residents of the mid-shore through effective coordination of care in collaboration with consumers, their natural support systems, providers, and the

community at large.

The Steering Wheel is part of Mid Shore Behavioral Health's dedication to sharing helpful links to connect you with resources, guidance, wholeness, and hope.

A Unified Vision for Transforming Mental Health and Substance Use Care

To improve the lives of people with mental health and substance use disorders through a transformed system of care.

[View the Vision Statement here](#)

**American Society of Addiction Medicine (ASAM)
Virtual Course
ASAM-II Criteria Skill Building Course**

The American Society of Addiction Medicine (ASAM) Criteria course, **ASAM-II** is designed to help health care professionals develop a holistic understanding of the ASAM criteria and explore their role in constructing a full range of services for the treatment of individuals with substance use disorders (SUD). The **ASAM-II** training is a follow up from ASAM training that took place in late 2019 and early 2020. The course builds upon foundational concepts of the historical ASAM criteria that will offer practical guidelines to drive objective decision making and ensure fidelity to the ASAM criteria. Using a practical and case-based approach, **ASAM-II** participants will explore important considerations in developing individualized treatment plans (ITPs), evaluating progress versus nonprogress in treatment, and determining when it is appropriate to initiate transfer or discharge a patient from treatment. Further, the **ASAM-II** training will provide tools and resources to equip healthcare providers to work effectively in managed care settings and explore how case shaping can drive patients' overall quality of care.

While it is not a requirement that you took the initial ASAM training, the **ASAM-II** training is meant for those with an intermediate to advanced level of understanding of the ASAM criteria.

Virtual ASAM-II Criteria Skill Building Course

Training Dates:

Wednesday, January 27, 2021 & Thursday, January 28, 2021

Wednesday, February 24, 2021 & Thursday, February 25, 2021

Wednesday, March 24, 2021 & Thursday, March 25, 2021

This is a **FREE** course and **CEUs** will be offered.

Registration information will be available soon!
