Queen Anne’s County Schools Served through Consortium Grants
2025-2026 school year

The Maryland Consortium on Coordinated Community Supports was created by the Maryland General Assembly as part of the Blueprint for Maryland’s Future in order to expand access to comprehensive behavioral health services for Maryland students, pre-K through grade 12. Through the Consortium program, over \$97 million was awarded statewide for the 2025-2026 school year. Five Consortium grants serve Queen Anne’s County, and they are projected to serve over 640 students during the 2025-2026 school year. Below is a short description of each of the five programs. A list of schools served is attached.

Chesapeake Bay Psychological Services. This grantee offers outpatient behavioral health services, psychotherapy, substance use disorder assessment/treatment, and psychoeducational parent groups.

Choptank Community Health System. This grantee offers co-occurring individual therapy, care coordination, substance use prevention, suicide prevention, family groups, and family support, delivered through the applicant’s school-based health centers (SBHCs).

Hazel Health, Inc. This grantee offers individual teletherapy sessions, behavioral health assessments, crisis consultations for school staff, family engagement, and care coordination.

Striving for Wellness Together. This grantee offers school-wide preventative and mental health services; individual, group and family counseling; and behavioral health education, support, and navigation for families.

Thrive Behavioral Health. This grantee offers family education and support, school staff training, and expanded access to services/non-insurance reimbursable services (consultation/IEP meetings, translation, and uninsured/underinsured funding).
